Upon request pursuant to Subsection (b), the Commissioner will withhold from public inspection pursuant to Section 6254 of the Government Code (and Sections 25605 or 31504 of the Corporations Code, if applicable) for such time as in the Commissioner's judgment is necessary information received in connection with an application (including applications for interpretive opinions) or report, if in the opinion of the Commissioner the public inspection of such information is not necessary in the public interest or for the purposes of the law under which it is filed and such information is reasonably shown to meet any of the following requirements:

(1) Information which is of a proprietary business nature and is in fact confidential, including but not limited to trade secrets.

(2) Information which is of a confidential business nature and which is in fact confidential, the release of which would be damaging or prejudicial to the business concerned.

(3) The name of any present or proposed investor when such information is filed in an application pursuant to Section 25113, 25121 or 25133 of the Corporations Code, if the disclosure of such information may be damaging or prejudicial to such person.

(4) Any other information, upon a showing that a public interest is served in withholding such information.

(b) Requests for Confidentiality. A request for confidential treatment of any information received in connection with any application or report submitted to the Commissioner should accompany the submission of such information and such information must be submitted separated from the other parts of the filing and marked "Confidential Treatment Requested." Such request must be signed by the person making the application or report and contain the following:

(1) A statement identifying the information which is the subject of the request and the application or report relating thereto.

(2) A statement specifying the provisions of Subsection (a) pursuant to which the request is made.

(3) A statement of the grounds upon which the request is made, including (if applicable) a statement as to its confidentiality and the measures taken to protect its confidentiality, and a statement of the adverse consequences which are expected to result if the information is disclosed through the public records of the Department.

(7) The request for confidentiality should not contain information for which itself confidential treatment is desired, as requests for confidentiality will be available for public inspection.

(c) Denial of Request. Material for which confidential treatment is requested shall not be deemed filed unless the request is granted, and may be withdrawn by the applicant if the request is denied, unless (1) the Commissioner has already taken an official action in reliance on such information prior to receiving the request for confidential treatment or (2) the Commissioner determines that the withdrawal of such information is otherwise contrary to the public interest. If

withdrawn, such information will not be considered by the Commissioner in connection with the application or report.

(d) Granting of Request. If a request for confidential treatment is granted, the person making such request will be notified in writing, the information will be marked “confidential” and kept separate from the public file, and the application or report will be noted with the following legend: “Additional portions of this filing have been granted confidential treatment pursuant to Rule 250.10 and are contained in a separate confidential file.”

(1) To other state or federal regulatory agencies, in accordance with law, or

(2) When necessary or appropriate in any proceeding or investigation pursuant to the law under which the information was filed, or

(3) Upon a determination by the Commissioner that continued confidential treatment is no longer justified because the reasons therefore no longer exist or because the public interest in disclosing such information outweighs the public interest in not doing so. If the Commissioner concludes that the disclosure of such information is necessary and urgent in the public interest or that it is impractical under the circumstances to give notice to the person who requested confidential treatment of the information, the information may be disclosed without notice. Otherwise, the person who requested confidential treatment of such information will be given notice that the release of such information is under consideration and the reasons therefore, and an opportunity to make representations promptly, within not more than five business days, regarding the continued need and justification for continued confidentiality.

(b) Requests to Inspect Confidential Information. A request to inspect confidential information pursuant to Subsection (a)(3) should ordinarily be in writing, signed by the person making the request, and state the justification for the request. A copy of the request for inspection will ordinarily be forwarded to the person who requested confidential treatment of the information in accordance with Subsection (a)(3). If a request for inspection should be held confidential, the reasons therefore must be stated in such request, in accordance with Section 250.10(b).

(c) Nothing contained herein shall be interpreted as affording any person a right to withdraw information once it has been received by the Commissioner, except as provided in subsection (c) of Section 250.10.
